

**DECISION UNDER DELEGATED AUTHORITY ON AN APPLICATION  
BY SKYCITY CASINO MANAGEMENT LIMITED FOR APPROVAL OF  
NEW FLOOR PLANS FOR THE AUCKLAND CASINO**

**Date of Decision:** 5 February 2013

1. On 29 January 2013, SKYCITY Casino Management Limited ("SCML") applied, pursuant to condition 11 of its operator's licence for the Auckland casino, for approval of a series of new floor plans.
2. Condition 11 provides as follows:
  11. The Licence Holder shall operate in accordance with approved floor layouts showing the position of gaming tables and gaming machines. The Licence Holder shall obtain approval for new floor plans prior to relocating or installing tables or machines in positions not specified in approved floor layouts. When applying, the Licence Holder must submit fresh plans showing the floor layout for the Gambling Area and details of the proposed CCTV layout for consideration. Any change must comply with the Surveillance Standard. The Executive Director and a single Gambling Commissioner may approve the new floor plans if they are satisfied that the floor layout has no potentially adverse effects. If they are not so satisfied, the proposed floor plan must be referred to the Commission for a decision on approval.
3. SCML submitted as follows:
  - (a) It wants to relocate gambling product into the area previously known as the Poker Zone, which will now be known as the Baccarat Room. The installation will be conducted in stages and approval is sought for a series of floor plans to reflect each of these stages.
  - (b) It is currently reliant on floor plans 2012 L2 001L and 2012 L3 003. On or around 7 February 2013, it will relocate two tables from level 2 to level 3 and reposition one table on level 2. Following these changes, it will rely on floor plans 2013 L2 001A and 2013 L3 001A. Once reliant on plans 2013 L2 001A and 2013 L3 001A, plans 2012 L2 001L and 2012 L3 003 will be redundant.
  - (c) On or around 8 February 2013, it will relocate six tables from level 2 to level 3. Following these changes, it will rely on floor plans 2013 L2 001B and 2013 L3 001B. Once reliant on these plans, 2013 L2 001A and 2013 L3 001A will be redundant.
  - (d) On or around 11 February 2013, it will reposition two tables on level 2. Following this change, it will rely on plan 2013 L2 001C. Once reliant on this plan, 2013 L2 001B will be redundant.

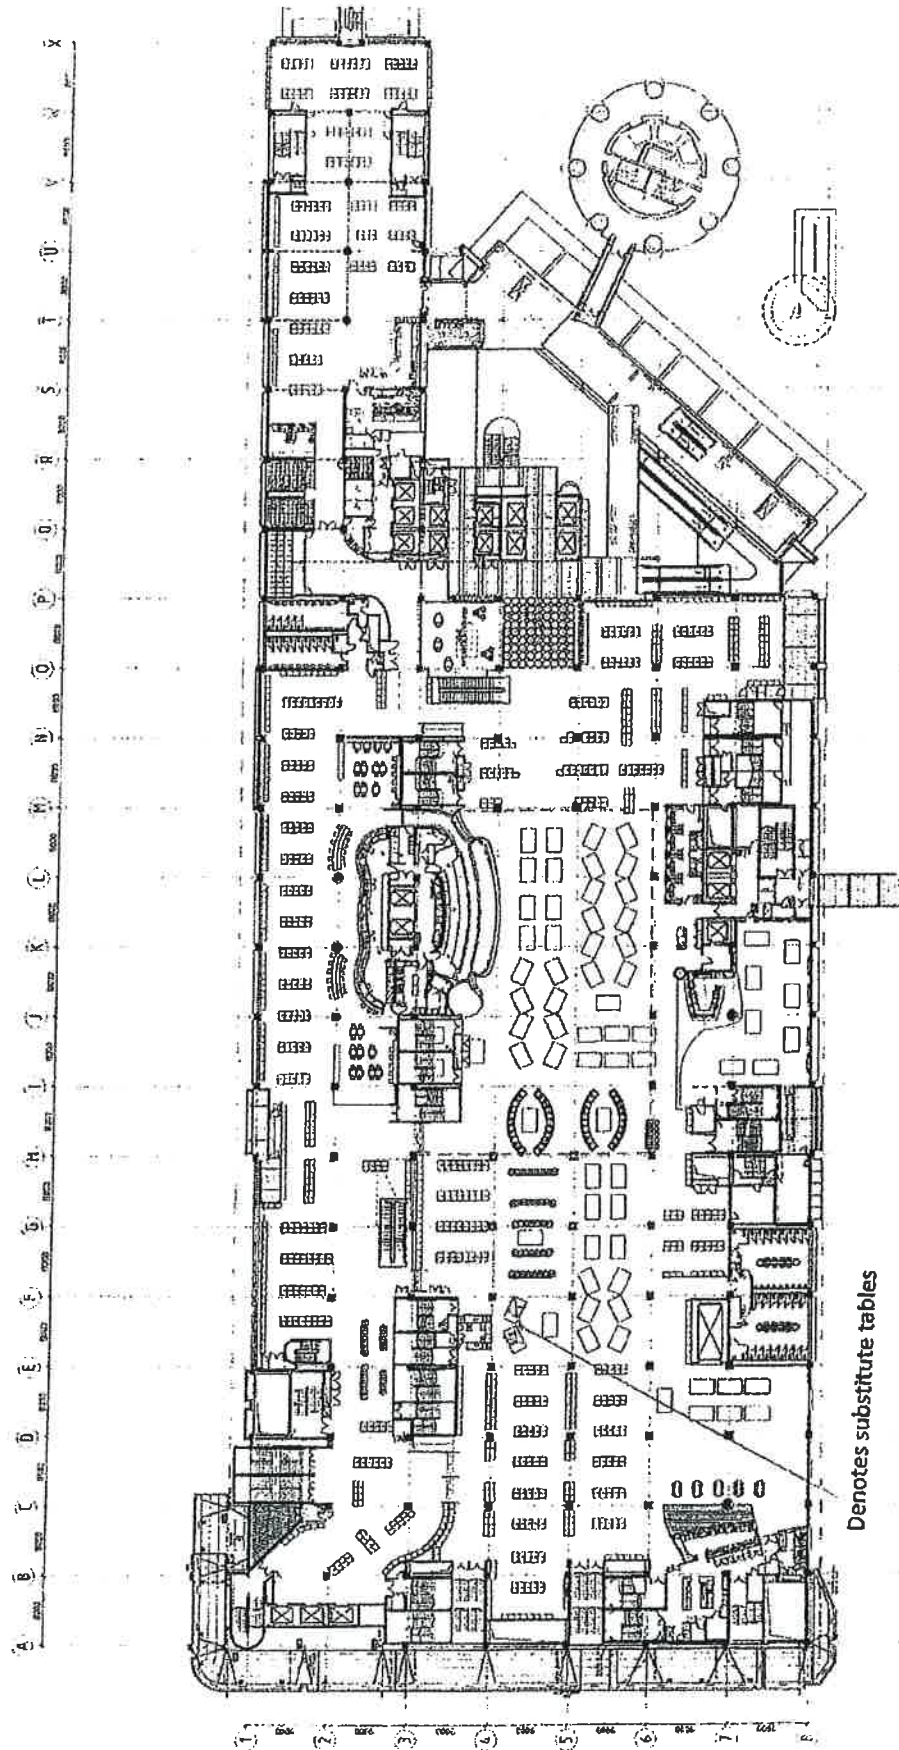

- (e) On or around 15 February 2013, it will reposition tables on level 2 and install six additional tables on level 2. In conjunction with these moves, it will designate six tables on level 2 as substitute tables. Following this change, it will rely on plan 2013 L2 001D. Once reliant on this plan, 2013 L2 001C will be redundant.
- (f) The designation of a further six tables as substitute tables (to go with the existing two substitute tables) requires a consequential change to the floor plans on level 5. It currently relies on plans 2012 L5 005 and 2012 L5 006. At the time it relies on 2013 L2 001D it will also rely on two new floor plans for level 5, 2013 L5 001 and 2013 L5 002. Once either of these plans is relied on, plans 2012 L5 005 and 2012 L5 006 will be redundant.
6. The proposal raises no issues of regulatory concern for the Commission. Accordingly the proposed new floor plans are approved by the Chief Gambling Commissioner and the Executive Director under delegated authority pursuant to condition 11 of SCML's operator's licence for the Auckland casino.
7. Plans 2013 L2 001A, 2013 L3 001A, 2013 L2 001B, 2013 L3 001B, 2013 L2 001C, 2013 L2 001D, 2013 L5 001 and 2013 L5 002 are **attached**. Once SCML is reliant on 2013 L2 001A and 2013 L3 001A, plans 2012 L2 001L and 2012 L3 003 will cease to be valid. Once SCML is reliant on 2013 L2 001B and 2013 L3 001B, plans 2013 L2 001A and 2013 L3 001A will cease to be valid. Once SCML is reliant on 2013 L2 001C, plan 2013 L2 001B will cease to be valid. Once SCML is reliant on 2013 L2 001D, plan 2013 L2 001C will cease to be valid. Once SCML is reliant on 2013 L5 001 or 2013 L5 002, plans 2012 L5 005 and 2012 L5 006 will cease to be valid.
