2. Conditions 6 and 7 of SHL’s venue licence for the Hamilton casino provide as follows:

6. The Licence Holder must obtain the approval of the Commission prior to:
- (a) construction or design changes to Levels B1 and 1 of the Casino Venue, including the Gambling Area;
 - (b) the construction or relocation outside the Gambling Area and within the Casino Venue of bank facilities available to the public excluding ATMs, EFTPOS and like devices;

The process by which the Licence Holder may obtain approval for construction or design changes to Levels B1 and 1 of the Casino Venue (6(a) above) is set out in condition 7. The Commission will determine any application for approval under 6(b). The Executive Director may approve the addition or alteration of signage relating to the casino business on the exterior of the Casino Venue or on or around the building within which it is located (paragraph (c) above) if he/she is satisfied the proposed changes will have no potentially adverse effects. If he/she is not so satisfied, the proposed changes must be referred to the Commission for a decision on approval.

7. The Licence Holder must notify the Executive Director of any proposed changes to the construction or design of Levels B1 and 1 of the Casino Venue. Notification must be accompanied by relevant drawings and an assessment of any impacts the alterations may have on:
- (a) the integrity and fairness of games;
 - (b) the effectiveness of security and surveillance;
 - (c) harm prevention, harm minimisation and responsible gambling;
 - (d) potential access to the Gambling Area by persons under 20 years of age; and

The Executive Director may approve the proposed changes to the construction or design if he or she is satisfied that there are no adverse impacts in relation to the matters specified in (a)-(e) above. If the Executive Director is not satisfied, he or she will refer the proposal to the Commission for determination.

Submissions

3. SHL submitted as follows:
- (a) In anticipation of the Christmas holiday period and various agencies being closed, and in the event that COVID restrictions are once again implemented in Hamilton, it has prepared a hoarding plan for approval. It hopes the plans will not be required.
 - (b) There is no impact on the gaming product floor plan at this stage.
 - (c) To the extent that any CCTV cameras need to be adjusted to ensure coverage is not adversely impacted by the hoardings, those adjustments will be undertaken.
 - (d) The installation of the hoardings will have no adverse effect on the matters set out in condition 7 of its venue licence.

Decision

8. The Commission was satisfied that the proposed construction and design changes would not adversely impact upon any of the matters set out in condition 7. The construction and design changes proposed are approved by the Executive Director under delegated authority pursuant to conditions 6 and 7 of SHL's venue licence. The construction and design changes are to be generally in accordance with the application.
