The Commission will determine any application for approval under 6(b). The Executive Director may approve the addition or alteration of signage relating to the casino business on the exterior of the Casino Venue or on or around the building within which it is located (paragraph (c) above) if he/she is satisfied the proposed changes will have no potentially adverse effects. If he/she is not so satisfied, the proposed changes must be referred to the Commission for a decision on approval.

7. The Licence Holder must notify the Executive Director of any proposed changes to the construction or design of Levels B1 and 1 of the Casino Venue. Notification must be accompanied by relevant drawings and an assessment of any impacts the alterations may have on:

The Executive Director may approve the proposed changes to the construction or design if he or she is satisfied that there are no adverse impacts in relation to the matters specified in (a)-(e) above. If the Executive Director is not satisfied, he or she will refer the proposal to the Commission for determination.

Submissions

3. SHL submitted as follows:
- (a) It is preparing to manage further the number of people that can be on-site at any one time during COVID alert level restrictions and has prepared a hoarding plan for approval.
 - (b) The proposed hoarding will have no impact on the placement of the gambling products on the floor plan.
 - (c) To the extent that any cameras need to be adjusted to ensure coverage is not adversely impacted by the hoardings, those adjustments will be undertaken.
 - (d) The installation of the hoardings will have no adverse effect on the matters set out in condition 7 of its venue licence.

Decision

8. The Commission was satisfied that the proposed construction and design changes would not adversely impact upon any of the matters set out in condition 7. The construction and design changes proposed are approved by the Executive Director under delegated authority pursuant to conditions 6 and 7 of SHL's venue licence.
