

**DECISION UNDER DELEGATED AUTHORITY ON AN APPLICATION
BY DUNEDIN CASINOS MANAGEMENT LIMITED FOR APPROVAL OF
A NEW FLOOR PLAN FOR THE DUNEDIN CASINO**

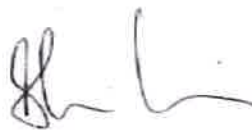

Date of Decision: 1 December 2021

1. On 1 December 2021, Dunedin Casinos Management Limited (“**DCML**”) applied, pursuant to condition 12 of its operator’s licence for the Dunedin Casino, for approval of a new floor plan, “Grand Casino MGF Plan December 21”.
2. Conditions 11 and 12 provide as follows:
 11. The Licence Holder shall operate in accordance with approved floor layouts showing the position of gaming tables and gaming machines.
 12. The Licence Holder shall obtain approval for new floor plans prior to relocating or installing tables or machines in positions not specified in approved floor layouts. When applying, the Licence Holder must submit fresh plans showing the floor layout for the Gambling Area and details of the proposed CCTV layout for consideration. Any change must comply with the Surveillance Standard. The Executive Director and a single Gambling Commissioner may approve the new floor plans if they are satisfied that the floor layout has no potentially adverse effects. If they are not so satisfied, the proposed floor plan must be referred to the Commission for a decision on approval.
3. DCML submitted as follows:
 - (a) On 29 November 2021 the Government announced that New Zealand will move to the new COVID traffic light system. The South Island will move to “Orange” in the system. It will impose a vaccination requirement as a condition of entry to the casino. All staff will be double-vaccinated.
 - (b) This means that it will be able to operate with all 12 gaming tables and 180 EGMs available for play. It therefore seeks approval of new floor plan “Grand Casino MGF Plan December 21” which depicts all of these gambling products.
 - (c) If approved, it wants to implement the new floor plan on 3 December 2021.
 - (d) There will be no need to make any adjustments to the CCTV layout to accommodate the new floor plan and it will remain fully compliant with the Surveillance Standard.
4. The proposal raises no issues of regulatory concern for the Commission. Accordingly, temporary plan “Grand Casino MGF Plan December 21” (**attached**) is approved by the

Chief Gambling Commissioner and the Executive Director under delegated authority pursuant to conditions 11 and 12 of DCML's operator's licence for the Dunedin Casino.
