

**DECISION UNDER DELEGATED AUTHORITY ON AN APPLICATION
BY CHRISTCHURCH CASINOS LIMITED FOR APPROVAL OF
CONSTRUCTION AND DESIGN CHANGES**

Date of Decision: 30 October 2024

1. On 30 October 2024, Christchurch Casinos Limited (“**CCL**”) applied, pursuant to conditions 6 and 7 of its venue licence, for approval of construction and design changes to the Christchurch Casino.

2. Conditions 6 and 7 of CCL’s venue licence provide as follows:

6. Subject to the provisions of condition 7, the Licence Holder must obtain the approval of the Commission prior to:
 - (a) any construction or design changes whatsoever in the Gambling Area (Schedules 1 and 2) and Additional Gambling Area (Schedule 3) and for any construction or design changes elsewhere in the Casino Venue which may impact on the matters set out in condition 7;
 - (b) the construction or relocation outside the Gambling Area and Additional Gambling Areas and within the Casino Venue of bank facilities available to the public excluding ATMs, EFTPOS and like devices; and
 - (c) the addition or alteration of signage relating to the casino business on the exterior of the Casino Venue or on or around the building within which it is located.

The process by which the Licence Holder may obtain approval for construction or design changes to Level 1, Level 2 and the rooftop area of the Casino Venue, (paragraph (a) above) is set out in condition 7. The Commission will determine any application for approval under 6(b). The Executive Director may approve the addition or alteration of signage relating to the casino business on the exterior of the Casino Venue or on or around the building within which it is located (paragraph (c) above) if he/she is satisfied the proposed changes will have no potentially adverse effects. If he/she is not so satisfied, the proposed changes must be referred to the Commission for a decision on approval.

7. The Licence Holder must notify the Executive Director of any proposed changes to the construction or design for which approval is required under condition 6. Notification must be accompanied by relevant drawings and an assessment of any impacts the alterations may have on:
 - (a) the integrity and fairness of games;
 - (b) the effectiveness of security and surveillance;
 - (c) harm prevention, harm minimisation and responsible gambling;
 - (d) potential access to the Gambling Area by persons under 20 years of age; and
 - (e) compliance by any person with the Act, including section 11 of the Act.

The Executive Director may approve the proposed changes to the construction or design if he or she is satisfied that there are no adverse impacts in relation to the matters specified in (a)-(e) above. If the Executive Director is not satisfied, he or she will refer the proposal to the Commission for determination.

Submissions

3. CCL submitted as follows:
 - (a) It wants to make construction and design changes on the MGF and Skylark Bar at the casino. It wants to substitute the temporary stage approved in approval 1508 with a larger and wider stage. If approved, the Pit Stand will be moved back to its previous location next to the Poker Pit Stand.
 - (b) As per approval 1508, the temporary stage was to remain indefinitely on the MGF for use in upcoming promotions or prize draws. It wants to replace the temporary stage with a larger and wider stage, to provide additional space on the platform for employees, guests, props or performers. Consequently, the Pit Stand will be moved back and positioned next to the Poker Pit Stand.
 - (c) It wants to move the Colossus gaming machine currently held in the training room to the Skylark Bar on level 1. If approved, it wants to use Colossus for a promotion which will run for all of November. The promotion is earnings-based and will be restricted to players club members only. Once enough points are earned, members can spin the Colossus (one game per day), with the opportunity to win entries into a weekly draw or casino dollars, which can be used on table games, gaming machines or any of the casino's restaurants and bars.
 - (d) There are no changes to the gaming tables or EGMs.
 - (e) The proposed changes are depicted on the **attached** plan.
4. The Executive Director was satisfied that the proposed construction and design changes will not adversely impact upon any of the matters set out in condition 7. The construction and design changes proposed are approved by the Executive Director under delegated

authority pursuant to conditions 6 and 7 of CCL's venue licence. The construction and design changes are to be generally in accordance with the application.
