BY CHRISTCHURCH CASINOS LIMITED FOR APPROVAL OF
CONSTRUCTION AND DESIGN CHANGES**

Date of Decision: 22 November 2024

1. On 21 November 2024, Christchurch Casinos Limited (“**CCL**”) applied, pursuant to conditions 6 and 7 of its venue licence, for approval of construction and design changes to the Christchurch Casino.

2. Conditions 6 and 7 of CCL’s venue licence provide as follows:

6. Subject to the provisions of condition 7, the Licence Holder must obtain the approval of the Commission prior to:

- (a) any construction or design changes whatsoever in the Gambling Area (Schedules 1 and 2) and Additional Gambling Area (Schedule 3) and for any construction or design changes elsewhere in the Casino Venue which may impact on the matters set out in condition 7;
- (b) the construction or relocation outside the Gambling Area and Additional Gambling Areas and within the Casino Venue of bank facilities available to the public excluding ATMs, EFTPOS and like devices; and
- (c) the addition or alteration of signage relating to the casino business on the exterior of the Casino Venue or on or around the building within which it is located.

The process by which the Licence Holder may obtain approval for construction or design changes to Level 1, Level 2 and the rooftop area of the Casino Venue, (paragraph (a) above) is set out in condition 7. The Commission will determine any application for approval under 6(b). The Executive Director may approve the addition or alteration of signage relating to the casino business on the exterior of the Casino Venue or on or around the building within which it is located (paragraph (c) above) if he/she is satisfied the proposed changes will have no potentially adverse effects. If he/she is not so satisfied, the proposed changes must be referred to the Commission for a decision on approval.

7. The Licence Holder must notify the Executive Director of any proposed changes to the construction or design for which approval is required under condition 6. Notification must be accompanied by relevant drawings and an assessment of any impacts the alterations may have on:

- (a) the integrity and fairness of games;
- (b) the effectiveness of security and surveillance;
- (c) harm prevention, harm minimisation and responsible gambling;
- (d) potential access to the Gambling Area by persons under 20 years of age; and
- (e) compliance by any person with the Act, including section 11 of the Act.

The Executive Director may approve the proposed changes to the construction or design if he or she is satisfied that there are no adverse impacts in relation to the matters specified in (a)-(e) above. If the Executive Director is not satisfied, he or she will refer the proposal to the Commission for determination.

Submissions

3. CCL submitted as follows:
- (a) It wants to move the Colossus Gaming Machine (Colossus), currently held in storage, up to level 2 for a promotion commencing on 2 December. The promotion will run through December. Colossus was previously approved by the Commission to be placed on the MGF in approval 1516.
 - (b) The Colossus is to be used following points earned from gaming tables or EGMs. Once enough base points have been earned, members can spin the machine for an opportunity to win casino dollars which can only be spent in the casino.
 - (c) The Colossus machine does not afford any gaming opportunities because it is utilised only for promotional purposes and there are no changes to gaming tables or EGM numbers.
 - (d) The proposal will not have an adverse impact on conditions 6 and 7.
4. The Executive Director was satisfied that the proposed change will not adversely impact upon any of the matters set out in condition 7. The construction and design changes proposed are approved by the Executive Director under delegated authority pursuant to conditions 6 and 7 of CCL's venue licence. The construction and design changes are to be generally in accordance with the application. The approval will cease to be valid on 3 January 2025.
