UNDER DELEGATED AUTHORITY ON AN APPLICATION BY SKYCITY CASINO MANAGEMENT LIMITED FOR APPROVAL OF A NEW FLOOR PLAN FOR THE AUCKLAND CASINO

Date of Decision: 26 **August 2013**

1. On 26 August 2013, SKYCITY Casino Management Limited ("**SCML**") applied, pursuant to condition 11 of its operator's licence for the Auckland casino, for approval of a new floor plan, 2013 L2 007.

2. Condition 11 provides as follows:

> 11. The Licence Holder shall operate in accordance with approved floor layouts showing the position of gaming tables and gaming machines. The Licence Holder shall obtain approval for new floor plans prior to relocating or installing tables or machines in positions not specified in approved floor layouts. When applying, the Licence Holder must submit fresh plans showing the floor layout for the Gambling Area and details of the proposed CCTV layout for consideration. Any change must comply with the Surveillance Standard. The Executive Director and a single Gambling Commissioner may approve the new floor plans if they are satisfied that the floor layout has no potentially adverse effects. If they are not so satisfied, the proposed floor plan must be referred to the Commission for a decision on approval.

3. SCML submitted as follows:

   (a) On 21 August the Commission approved plan 2013 L2 006 for the Auckland casino. Since that approval there has been a further need to revise the plan. It wants to move two machines from one area of the floor to another.

   (b) It seeks approval for plan 2013 L2 007 which depicts these changes. Once reliant on this plan, plan 2013 L2 006 may be discarded.

4. The proposal raises no issues of regulatory concern for the Commission. Accordingly floor plan 2013 L2 007 is approved by the Chief Gambling Commissioner and the Executive Director under delegated authority pursuant to condition 11 of SCML's operator's licence for the Auckland casino.

GAMBLING COMMISSION

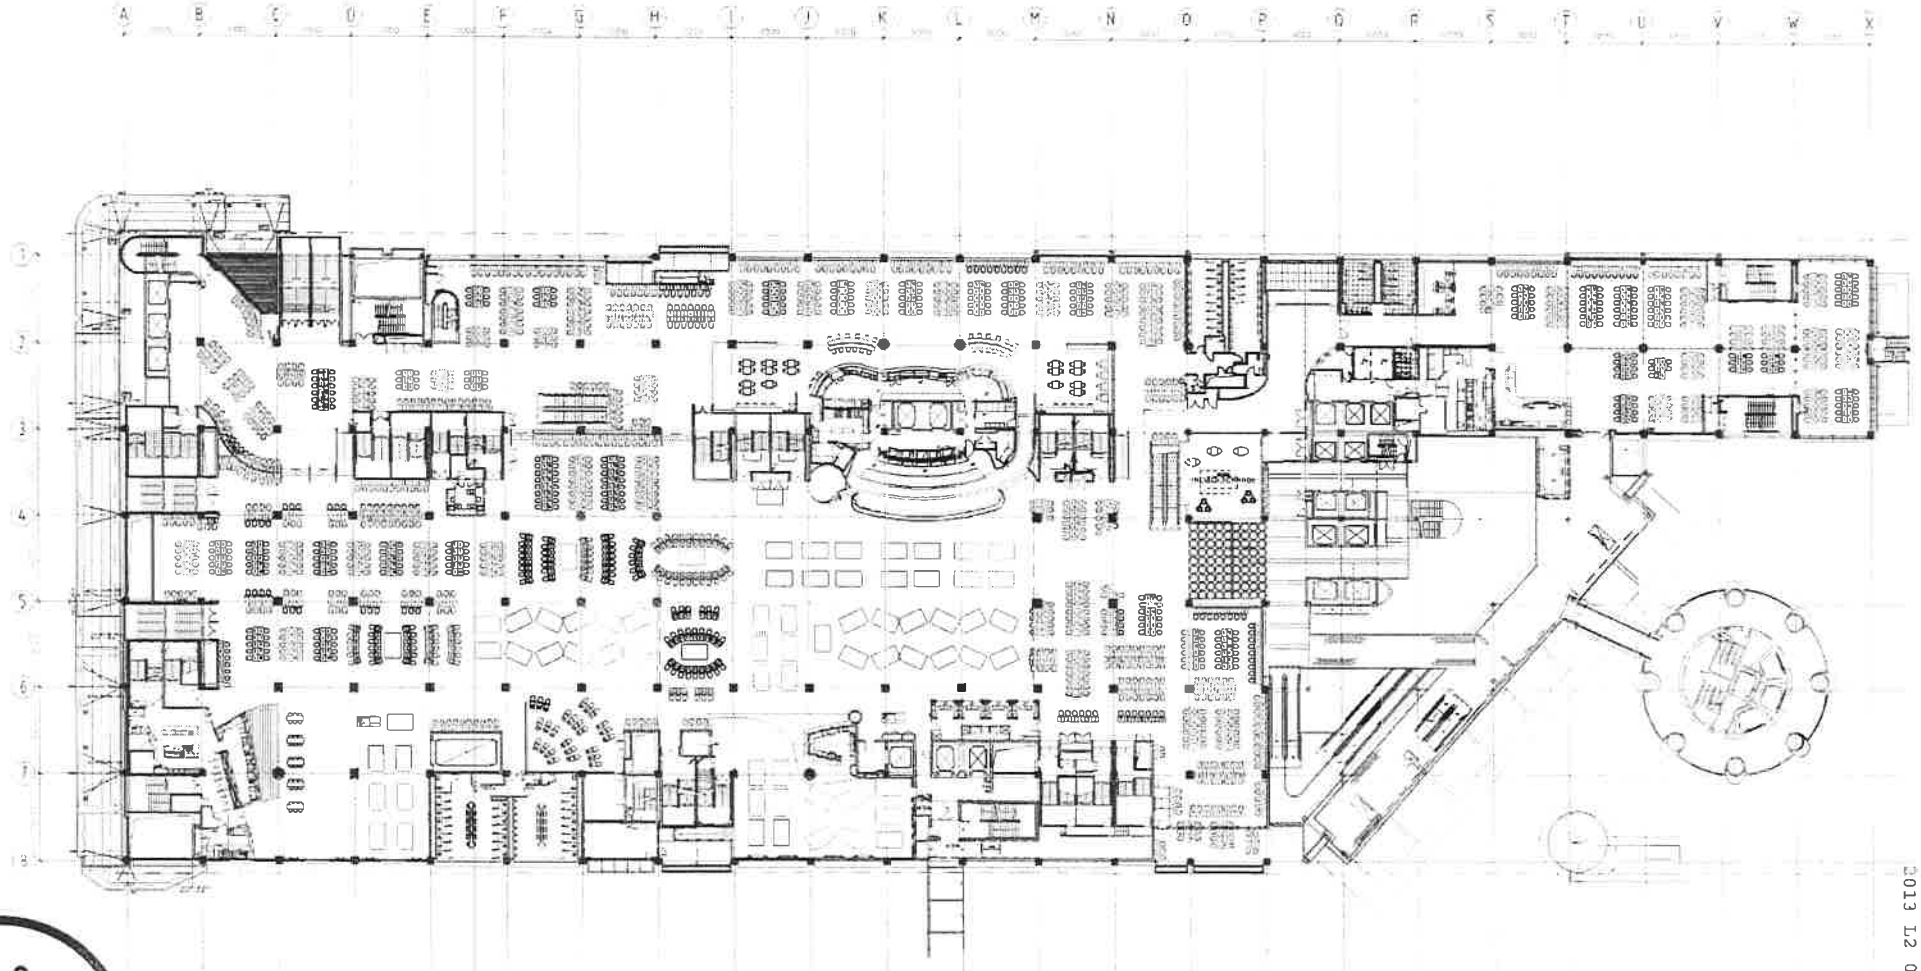

5. Plan 2013 L2 007 is **attached**. Once SCML is reliant on plan 2013 L2 007, plan 2013 L2 006 ceases to be valid.
