2. Conditions 6 and 7 provide as follows:

> 6. The Licence Holder must obtain the approval of the Commission prior to:
>
> (a) construction or design changes to Levels 1, 2, 3, 5 and 6 of the casino venue, including the Gambling Area but excluding the SKYCITY Theatre and foyer area, restaurant and bar areas outside the Gambling Area, hotel rooms and the back of house areas used by staff (unless construction or design changes to any of these excluded areas may impact on matters set out in condition 7 in which case prior approval must be sought);
>
> (b) the construction or relocation outside the Gambling Area and within the Casino Venue of bank facilities available to the public excluding ATMs, EFTPOS and like devices;
>
> (c) the addition or alteration of signage relating to the casino business on any building, road or structure within the block of land bounded by Hobson Street, Wellesley Street West, Federal Street and Victoria Street West, including the Casino Venue, Sky Tower, car park, bus terminal and walkways between the casino and the Sky Tower and the convention centre.
>
> The process by which the Licence Holder may obtain approval for construction or design changes to Levels 1, 2, 3, 5 and 6 of the casino venue, including the Gambling Area (paragraph (a) above) is set out in condition 7. The Commission will determine any application for approval under 6(b). The Executive Director may approve the addition or alteration of signage relating to the casino business on any building, road or structure within the casino block (paragraph (c) above) if he/she is satisfied the proposed changes will have no potentially adverse effects. If he/she is not so satisfied, the proposed changes must be referred to the Commission for a decision on approval.
>
> 7. The Licence Holder must notify the Executive Director of any proposed changes to the construction or design of Levels 1, 2, 3, 5 and 6 of the casino venue, including the Gambling Area but excluding SKYCITY Theatre and foyer area, restaurant and bar areas outside the Gambling Area, hotel rooms and the back of house areas used by staff. Notification must be accompanied by relevant drawings and an assessment of any impacts the alterations may have on:

>
> (c) harm prevention, harm minimisation and responsible gambling;
>
> (d) potential access to the Gambling Area by persons under 20 years of age; and
>
> (e) compliance by any person with the Act, including section 11.

> The Executive Director may approve the proposed changes to the construction or design if he or she is satisfied that there are no adverse impacts in relation to the matters specified in (a)-(e) above. If the Executive Director is not satisfied, he or she will refer the proposal to the Commission for determination.

3. It wants to develop an area on level 3 (the area between the Platinum Room and Fortuna Restaurant) into an extension of the Platinum Room. This will involve relocating the reception desk, creating a new entrance area into the Platinum Room, new walls, cladding and flooring treatment, an interior fit-out involving new carpet, a coat check facility, sheers and drapes, repainted ceilings and a new fire door.

4. The area is currently vacant but is designated as a Gambling Area.

5. A separate application will be submitted to the Commission showing the proposed placement of gaming machines.

6. The application raises no issues the Commission needs to consider. Accordingly the construction and design changes are approved by the Executive Director under delegated authority pursuant to conditions 6 and 7 of SCAL's venue licence. Construction is to be generally in accordance with the application.
