

**DECISION UNDER DELEGATED AUTHORITY ON AN APPLICATION
BY DUNEDIN CASINOS MANAGEMENT LIMITED FOR APPROVAL OF
A NEW FLOOR PLAN FOR THE DUNEDIN CASINO**

Date of Decision: 9 November 2018

1. On 6 November 2018, Dunedin Casinos Management Limited (“DCML”) applied, pursuant to conditions 11 and 12 of its operator’s licence for the Dunedin Casino, for approval of a temporary new floor plan, “Temp Floor Plan Nov 18B”.

2. Conditions 11 and 12 provide as follows:
 11. The Licence Holder shall operate in accordance with approved floor layouts showing the position of gaming tables and gaming machines.

 12. The Licence Holder shall obtain approval for new floor plans prior to relocating or installing tables or machines in positions not specified in approved floor layouts. When applying, the Licence Holder must submit fresh plans showing the floor layout for the Gambling Area and details of the proposed CCTV layout for consideration. Any change must comply with the Surveillance Standard. The Executive Director and a single Gambling Commissioner may approve the new floor plans if they are satisfied that the floor layout has no potentially adverse effects. If they are not so satisfied, the proposed floor plan must be referred to the Commission for a decision on approval.

3. DCML submitted as follows:
 - (a) It currently has approval for floor plan “Temp Floor Plan Nov 18”. It now seeks approval for floor plan “Temp Floor Plan Nov 18B”, to operate 10 gaming tables (rather than nine approved under plan “Temp Floor Plan Nov 18”) on the gaming floor during its period of refurbishment. The reason for this is that it wants to alter the table configuration because with the gaming tables being moved from their original positions during refurbishment, several power points will not match up with the relevant signage/displays on some tables.

 - (b) The additional gaming table is a PK/BJ table, which is normally on the gaming floor.

 - (c) There will be no construction or design changes to level 1.

 - (d) As from December 2018, it will revert back to plan “AUG 18”.

4. The proposal raises no issues of regulatory concern for the Commission. Accordingly plans “Temp Floor Plan Nov 18B” (**attached**) is approved by the Chief Gambling

Commissioner and the Executive Director under delegated authority pursuant to conditions 11 and 12 of DCML's operator's licence for the Dunedin Casino.

- 5. Once the refurbishment of the Dunedin Casino is complete, plan "Temp Floor Plan Nov 18B" will cease to be valid.
