**DECISION ON AN APPLICATION BY SKYCITY CASINO MANAGEMENT LIMITED  
FOR APPROVAL OF NEW GAME MIXES FOR THE AUCKLAND CASINO**

**Introduction**

1. SKYCITY Casino Management Limited (“**SCML**”) applied to the Commission for approval, under condition 9 of SCML’s operator’s licence for the Auckland casino, to vary its game mixes.

**Licence condition**

2. The relevant licence condition is as follows:

**SCML’s operator’s licence (Auckland)**

9. The Licence Holder may operate on casino gaming tables the game types and game mix(es) specified by the Commission in Annex A attached to this Licence. As an alternative to Annex A, the Licence Holder may operate on casino gaming tables the game types and game mix(es) specified by the Commission in any additional annex approved by the Commission and attached to this Licence. The Licence Holder must give the Inspectorate prior notification before it commences operation under a different annex. The game types and game mixes specified in an annex can only be changed by the Commission.

**SCML’s submissions**

3. SCML submitted, in summary, as follows:
  - (a) It has four approved game mix Annexes for the Auckland casino – A, B, C and D. No changes are proposed to Annexes A or B. The changes to Annexes C and D

involve changes to the game mixes for the Main Gaming Floor ("MGF") and the area known as "Eight".

- (b) It wants two additional game mixes for Eight – to provide for the introduction of an Electronic Roulette game, together with one or more 5 box Black Jack games.
- (c) It also wants eight additional game mixes for the MGF – to provide for the introduction of a further Electronic Roulette game, the introduction of one or more 5 box Black Jack games and a range of other variations to the existing game mixes.
- (d) It has assessed the impact of each of the game mixes on player spaces and overall gambling opportunities. For those games where the maximum number of player positions is not fixed by the game rules, it has applied the same theoretical maximum it has applied in previous applications.
- (e) The proposed game mixes have no adverse impact on either player spaces or gambling opportunities so they will not increase opportunities for casino gambling. This is shown in the tables below (which represents only part of the information submitted by SCML):

### The Secretary's submissions

4. The Secretary noted some errors in SCML's application but submitted that once corrected, the new game mixes are unlikely to lead to an increase in opportunities for casino gambling. In reply, SCML accepted the errors, and provided the Commission with corrected documentation.

### Analysis

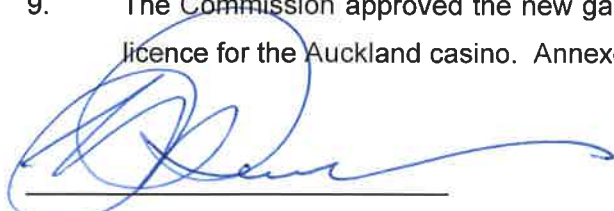

5. SCML has sought approval to add 10 new game mixes to Annexes C and D of its operator's licence. The new game mixes are for the MGF and Eight areas.
6. The Commission's approach when considering whether a proposal will increase opportunities for casino gambling is to compare what is proposed against the regulatory benchmark and form a view, in the round, on whether the proposal will increase opportunities. In an earlier decision, the Commission concluded as a matter of overall assessment that each of the current Annexes C and D provided fewer opportunities for casino gambling than the opportunities permitted under the regulatory benchmark game mix, game mix A. As the present application seeks approval to make limited and specific changes to Annexes C and D, the Commission first considered whether it appeared that the changes would increase the opportunities within those Annexes themselves.
7. The Commission was satisfied that the proposed changes to the Annexes would not increase the opportunities provided under the current Annexes. The ease of making that assessment was enhanced by the limited nature of the changes and the fact that the changes did not involve any of the games for which the player spaces are uncontrolled.
8. Having concluded that the changes to those Annexes would not increase the opportunities under Annexes C and D, the Commission could be satisfied that the changes would not increase opportunities above those permitted under the regulatory benchmark.

**Decision**

---

9. The Commission approved the new game mixes under condition 9 of SCML's operator's licence for the Auckland casino. Annexes A, B, C and D are **attached**.
