DECISION ON APPLICATIONS BY CHRISTCHURCH CASINOS LIMITED

Introduction

1. Christchurch Casinos Limited ("**CCL**") applied:
 - (a) to temporarily designate the Velvet Room as Gambling Area from 29 December 2009 to 15 January 2010, under condition 9 of CCL's venue licence;
 - (b) for approval of an alternative floor plan, under conditions 11 and 12 of CCL's operator's licence;
 - (c) for approval of a new Annex A (incorporating three additional game mixes, AU, AV and AW), under condition 9 of CCL's operator's licence.
2. The relevant licence conditions are as follows:

CCL's operator's licence

9. The Licence Holder may operate on casino gaming tables the game types and game mixes specified in Annex A attached to this Licence. The Licence Holder shall obtain the prior approval of the Commission for any change to the game types and/or game mixes specified.
11. The Licence Holder shall operate in accordance with approved floor layouts showing the position of gaming tables and gaming machines.
12. The Licence Holder shall obtain the approval of the Commission for new floor plans prior to relocating or installing tables or machines in positions not specified in approved floor layouts. When applying the Licence Holder must submit fresh

plans showing the floor layout for the Gambling Area and details of the proposed CCTV layout for the consideration of the Commission. Any change must comply with the Surveillance Standard.

CCL's venue licence

9. The Gambling Area within the Casino Venue comprises the areas specified in plans approved by the Commission dated 22 September 2008.

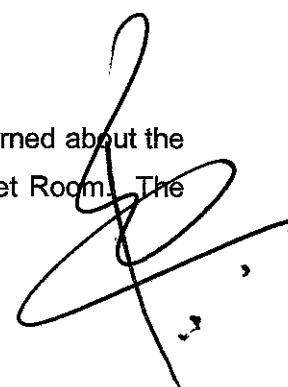

Submissions by CCL

3. CCL stated that:
- (a) It wants to designate the Velvet Room as Gambling Area from 29 December 2009 to 15 January 2010 and deploy four gaming tables (of Poker) to that area.
 - (b) It seeks the addition of three further game mixes, AU, AV and AW, to enable it to offer two tables of 3 Card Poker, and an additional Midi Baccarat table.
4. CCL submitted that:
- (a) Relocating four tables in the Velvet Room will create space on the main gaming floor for a stage or additional bar seating.
 - (b) The locations of the four tables would be identical to those approved by the Commission in decision GC18/09.
 - (c) CCTV cameras are already in situ so compliance with the Surveillance Standard is easily achieved.
 - (d) It wants to retain the alternative floor plan for use beyond 15 January 2010.
 - (e) The new game mixes have fewer player spaces and fewer rounds per hour than game mix A, its regulatory benchmark, as follows:

Game mix	No. of rounds per hour	Player spaces
A	1691	718
AU	1588	674
AV	1564	680
AW	1560	685

The Secretary's submissions

5. The Secretary submitted that:
- (a) While he had no issues with CCL's proposal per se, he was concerned about the number of gaming tables CCL intends to operate within the Velvet Room. The

experience of his gambling inspectors is that when the casino is busy and the Velvet Room is full, the space is not large enough for them to adequately supervise gambling when four Poker tables are operated. The inspectorate has suggested that the Velvet Room may adequately accommodate three, or less, Poker tables, or alternatively four small tables of a different game type.

- (b) The new game mixes would not increase opportunities for casino gambling.

CCL's submissions in reply

6. In reply, the CCL submitted:

- (a) Inspectors can adequately supervise any game via CCTV cameras, which they must approve before a table is commissioned into service.
- (b) Any casino, when busy, might make it difficult for an inspector to get close to a table for supervision.
- (c) The Velvet Room has been designed to cater for 80 to 100 people, which is sufficient for the Poker tables, its players and any onlookers.
- (d) The number of occasions when all the tables would be open and the Velvet Room is at maximum capacity will be rare.
- (e) Customer satisfaction levels will be impacted before the ability of inspectors to adequately supervise the tables is affected. It will look at all available options to mitigate this situation.
- (f) It does not favour the use of tables other than Poker in the Velvet Room.

7. In response, the Secretary stated that CCL's submissions are valid but a better long-term alternative floor plan could be deployed to alleviate the problems his inspectors identified.

Analysis

8. CCL applied to temporarily include the Velvet Room as part of its Gambling Area over the Christmas/New Year period. This raised no issues of regulatory concern.
9. The alternative floor plan to house four Poker tables in the Velvet Room raised some concerns from the Secretary, but in response to CCL's submissions in reply, he accepted that he can supervise the Velvet Room.
10. The Commission observed, however, that although the Secretary's inspectors can supervise the Room, they would be doing so in less than ideal circumstances. Therefore

rather than approving the proposed floor plan as an ongoing alternative floor plan, as sought by CCL, the Commission has approved it for the period from 29 December 2009 to 15 January 2010, and suggests that CCL and the Inspectorate engage in dialogue to identify an alternative floor plan that both meets CCL's business needs and allows the Inspectorate to fully supervise the tables.

11. CCL also seeks approval of three new game mixes. The Commission's approach when determining whether a game mix will result in an increase in opportunities for casino gambling is to compare what is proposed against the approved game mix that provides the greatest level of opportunities for casino gambling. Game mix A presently provides the greatest level of opportunities. Compared with game mix A, game mixes AU, AV and AW will not increase opportunities for casino gambling.

Decision of the Commission

12. The Commission decided to approve:
- (a) the temporary designation of the Velvet Room as Gambling Area from 29 December 2009 to 15 January 2010, under condition 9 of CCL's venue licence. The temporary Gambling Area is defined in the **attached** plan;
 - (b) the alternative floor plan (**attached**) from 29 December 2009 to 15 January 2010, under conditions 11 and 12 of CCL's operator's licence; and
 - (c) Annex A (**attached**) with three new game mixes, AU, AV and AW, under condition 9 of CCL's operator's licence.
