I support the application by Dunedin Casinos Limited to renew their Casino Venue Licence

The reasons for my support/ opposition/ neutrality to the application are:

Supporting and approving the submission of a casino relicense can bring several benefits to the community.

Key reasons for approval in my opinion is the Economic Impact on local businesses that the casino supports. The casino supports not only employees but also benefits many local businesses that provide goods and services to the casino.

Safe and Secure Environment for Patrons. A large number of our patronage are elderly and maintaining a safe environment in Dunedin is essential.

Sponsorship and Money Returned to the Local Area. The Grand Casino sponsor local events, sports teams, and other activities, Without this I honestly believe it would be a huge loss to the success of our community.

The Grand Casino's robust host responsibility policy includes comprehensive measures to promote responsible gambling, such as self-exclusion programs, support for problem gambling, and other limitations on gambling. There is nothing more important than other peoples wellbeing.

On a personal note! Job Security. Father of 3 young children who are generally excited to say their daddy manages at the Grand Casino. 24 years of service and still very much love my job and the people in it.

In summary, approving the casino's relicense supports employment, ensures a safe and secure environment for patrons, contributes financially to the local community, and maintains a high standard of responsible gambling practices. These factors collectively highlight the benefits and importance of continuing the casino's operations under a renewed license.
