Subject: Submission: Christchurch Casino venue licence renewal

Kia ora

My personal view is that Christchurch Casino adds hugely to our city's attractiveness to visitors and residents. It's a great option for entertainment, food and beverage. Also, I've personally seen Christchurch Casino be very philanthropic in supporting a wide range of community events and good causes - too many to list here but Arts Festival, Lantern Festival and Surf lifesaving all spring to mind. Christchurch Casino appears to be an exemplar organisation in terms of actively mitigating the effects of problem gambling and through their ongoing and proactive compliance with relevant regulations.
