Subject: Christchurch Casino venue licence renewal

To whom it may concern

I wish to support the application by Christchurch Casino for renewal of their licence.

Christchurch Casino has been at the heart of the Christchurch rebuild and is an integral part of the central City.

The Casino is pivotal to attracting tourists and the wider Canterbury community in conjunction with Christchurch city council and Christchurch New Zealand's major plans for business rejuvenation.

The Casino as a major employer and consumer of goods and services is essential to the growth of the city.

No city can survive without an arts culture and Christchurch Casino play their part in supporting Arts organisations, artists, with hosting facilities adding value to fund raising events to augment the limited incomes of those involved.

The Casino Management have a balanced view of their responsibility in the community.

As a Patron and advocate for the arts I strongly support the application of Christchurch Casino for the renewal of their licence.

Dame Adrienne Stewart ONZM QSM LLD (hon)
