Subject: Christchurch Casino renewal of venue licence

To whom it may concern

I am a regular customer of the casino and no doubt spend too much time and too much of my money at the venue.

I am able to afford it but there are so many others that I see there a lot and it is pretty obvious that they are not in a good place.

The casino states that they have done the problem gamblers a favour by having a precommitment function on the machines - that is quite ridiculous as to continue gambling all you have to do is that the loyalty card out of the machine.

Every two weeks they entice people back to the venue to pick up "free gifts" but nothing is free at the casino, once inside the urge to put money in the machines is over whelming.

I don't believe my opinion will make a blind bit of difference and the corrupt will continue to curry favour with the powers that be and the casino will be there to make peoples a misery for another 15 years.
